Please tell the President that I do not make what necessitated the present proposals. They show that the municipality has no proper conception of its duties & responsibilities. Does the Board propose to work the whole plague prevention scheme with the additional establishment now proposed & dispense with the arrangements made by Govt for the City. The Board appear to have

Mahoney in mixing
up the question of
introducing what
is called the optional
system with proposals
made for improving
the conservancy of
the city. They certainly
~~confounded~~ mix up
plague preventive
measures with these
altogether the recommendations
are directed such

To complicate matters

them.

I'd be glad to have

To The Secretary to the
Government of Mysore
General & Revenue Depts
Bangalore.

Sir,

I have the honor to submit for the orders of Government, Copy of Sub Committee's report together with Copy of Board's Resolution dated 29th ultimo regarding the amalgamation of the Plague staff with the City Municipal Establishment. etc a part of the scheme the Board approve of the entertainment of the following Establishment as a temporary

measure for looking after the health of the City, the cost being borne from Municipal Funds.—

One Health Officer on a salary not exceeding Rs 150/- per mensem with a horse allowance of Rs 25/-

One Clerk on Rs 25/-

One Clerk on Rs 20/-

Two Orderlies on Rs 7/- each.

Printing Charges Rs 300/- per annum

Contingencies at Rs 10/- a month,—

2 The Cost of the Establishment proposed will amount to Rs 369/- per month.

3. There are at present 2 Police Sergeants and 26 Constables watching the several burial and burning grounds in the City. As it is not desirable

to disturb the present arrange-
ment by employing separate
Municipal agency, it is pro-
-posed to retain the present
Police Establishment and de-
fray the Cost amounting to
(2) Rs 262/- per month from Munici-
-pal Funds.

4. I beg that the above pro-
-posals may be sanctioned
with effect from the 1st Instant.

In connection with the proposals of Dr. Chatsi regarding the amalgamation of the Plague staff with the Municipal Establishment, the Sub-Committee appointed by the Board beg to report as follows:—

1. The Sub-Committee after carefully considering the proposal regarding the entertainment of a permanent establishment came to the conclusion that the following staff, may, as a temporary measure be entertained by the Board to work after the public health of the City.

(1) A Health Officer on a salary not exceeding Rs 150/- per mensem.

with a horse allowance of Rs 25/-

(3) A Clerk on Rs 25/-

(3) ——— do ——— Rs 20/-

(4) Two orderlies on Rs 7/- each

(5) Printing Charges Rs 300/- per year

(6) Contingencies at Rs 10/- a month

2 The question of having an additional Conservancy Staff does not, in the opinion of the Sub-Committee, require any further Consideration as it has already been provided for in the ensuing year's Municipal Budget.

3. The new proposal made regarding the Registrars of births and deaths does not commend itself to the Sub-Committee and they are of

opinion that the existing arrangement may be allowed to remain unaltered.

4. The President's recommendation to employ police men to watch the burial grounds may be adopted.

5. The Sub-Committee see no objection to change the name of the Thuttram Hospital into Infectious diseases Hospital. The revision of the establishment has already been provided for in the Budget.

6. In the opinion of the Sub-Committee the question of opening Dispensaries in convenient localities in different parts of the City deserves a favourable

and careful consideration.

7. The Sub-Committee are strongly of opinion that all the additional Charges to be incurred by the entertainment of the staff now recommended may, as a temporary measure, be met from Municipal Funds alone. The temporary staff now recommended will have to be tacked on to the existing Sanitary staff to attend to the important question of Public Health, Sanitation, Conservancy &c.

8 Regarding the proposal of Dr. Chalmi for the entertainment of a Plague Temporary Establishment Drs. D. Venkatramaiya, C. Krishna Murti, R. Raghunatha Rao

Rao and Samasiva Murthy (Vice President excepted) regret their inability to make any recommendations on this important question in the absence of information as to what set of Plague Rules is to prevail in future in the City of Bangalore. If the Plague policy pursued in Mysore be adopted here they think that the temporary establishment proposed by Dr. Chokai may be curtailed a great deal.

(1) A Health Officer on a Salary

not exceeding Rs 150/- with a
horse allowance of Rs 25/-

(2) A Clerk on Rs 25/-

(3) ——— do ——— Rs 20/-

(4) Two orderlies on Rs 7/- each.

(5) Printing Charges Rs 300/- a year.

(6) Contingencies at Rs 10/- a month.

The question of entertaining
the establishment required
for Plague measures is
postponed for future consider-
-ation.

Amalgamation of Plague staff
with Mcl Bd. in Bangalore Cr

Letter No 11 dated 14th July/99 from the President, Bangalore City Municipality submitting a report in re the Amalgamation of the Plague Staff with the City Muncl: Establishment and soliciting sanction to the entertainment of certain temporary establishments

Order thereon: — No 2062 dy 16/7/99
14-11-99

The Govt: are unable to make out what ~~xxxxx~~ circumstances necessitated the present proposals. The Resolution of the Muncl: Board which is supported by the President is vague and imperfect. It is not clear whether the Board really proposes to work the whole Plague Prevention scheme with the additional establishment now proposed and dispense with the arrangements made by the Govt. for the City. The Board appears to have been ill-advised in mixing up the question of introducing what is called the optional system with proposals made for improving the conservancy of the City. They curiously

also mix up plague preventive measures with these and altogether the recommendations are ill-digested and such as Govt: cannot take any action upon. The question is further complicated by the fact that the Municipality have no funds to meet the additional charges proposed. ~~by the~~

The Govt: will be glad to receive a carefully prepared scheme with full reasons for every recommendation made and with a statement shewing the financial condition of the Municipality and how the additional charges are proposed to be met. It is, however added that the Govt. consider it desirable that the Board should leave the question of plague management to the Agency abhorrited by the Govt: until such time as the Govt: consider the Municipality are able to work the Govt: scheme efficiently
